### About Stewart House

As NSW public education's charity of choice, Stewart House has been providing care since 1931 for children-in-need from all parts of NSW and the ACT.

Each year 1,700 public school children-in-need come to Stewart House from many parts of NSW and the ACT. During their 12-day stay at Stewart House, children are provided with medical, dental and optometric assessment and treatment. For children requiring additional support, counselling is available. This is balanced with health and education programs and out of school activities to boost their self-esteem and promote better physical and mental health. These services are provided free of charge to the children who attend this unique facility.

### Our Vision is to enable all the children who come to Stewart House to:

- Have a wide range of rich and rewarding experiences
- Be inspired to see beyond their present circumstances
- Have real hope and positive aspirations for their future

### The Stewart House Program is designed to help the children:

- Develop self-care, social and conflict resolution skills
- Learn to relax and overcome anxiety
- Develop a broader outlook on life
- Establish friendships and routines in a safe community
- Increase their self-esteem
- Feel more emotionally supported

**Whilst in residence, children are provided with:**

- Optometric, audiometric, dental and general health screening
- Essential treatment, including tooth extraction and prescription glasses
